Slidewiki Import/Export Interface

Vortragstitel (im Folienmaster ändern)

Functional Requirements

Non-Functional Requirements

Import：
- **deck.js(structured)**
- **pptx(improvement)**
- **OpenOffice**
- **Latex**

Import files without losing structure

Import OpenOffice and Latex Files

Some bugs when displaying PPTX files which are imported from slidewiki

EX：extra bullet symbols

Export:
- **deck.js(structured)**
- **PDF**

Export files without losing structure

Add an explicit button to export file as PDF

Optimize the overall user interface of importing and exporting

universität**bonn**

Thanks

Cheng Fang
